To maintain certification, a renewal is required. The steps to apply for a 1-year renewal are as follows:

1. Submit a copy of your professional licensure as well as a completion certificate for six (6) clock hours of trauma-focused continuing education
2. Payment of renewal application fee

You can also apply for renewal for 2 or 3 years. Follow the process above, submitting twelve (12) CE hours of training for a 2-year renewal, and eighteen (18) CE hours of training for a 3-year renewal.

Renewal training hours need to have been taken in the time since you were certified or last renewed. Renewals are calculated from the date that your certification was issued.

If you allow your certification to lapse for more than 3 years, you are no longer eligible to renew your certification and instead can reapply for certification.
