- Not have been ethically or professionally denied application to or renewal of his/her professional membership or registration in local, state or national associations to which he/she is qualified within the past 5 years.

- Not have had his/her professional or medical privileges restricted, revoked, or revised in any formal institutional setting (e.g., hospital, clinic or other clinical setting) based upon professional malpractice within the last 5 years.

2.0 Educational Standards

2.1 The applicant must meet the following education criteria (total minimum of 6 CPD hours at a post-graduate level):

- An understanding of dementia types, cognitive differences and prognosis for:
 - Alzheimer's Type Dementia
 - Vascular Type Dementia
 - Lewy Body Dementia
 - Frontotemporal Dementia
 - Parkinson's Dementia
 - Normal Pressure Hydrocephalus
- An understanding of the stages of dementia
- Ability to differentiate between mild cognitive impairment, dementia and normal aging
- Ability to provide a synopsis of the cognitive assessment tools used to identify dementia in early and late stages
- An understanding of behavioral interventions that address:
 - Sun downing, combativeness and aggression
 - Wandering, paranoia, hallucinations and delusions
 - Depression, anxiety and repetitive behaviors
 - Intimacy and sexuality
 - Personal hygiene and ADL's
- Ability to effectively provide psychoeducation to patients, family and/or caregivers
- An understanding of communication strategies that encourage compliance and therapy participation, including non-verbal communication strategies and strategies to avoid arguments
- A general understanding of psychopharmacology and nutrition as it relates to dementia
- An understanding ethical and cultural issues related to dementia, including end of life considerations, abuse reporting and community resources

2.2 Examples of suitable education sources include, but are not limited to:

- Post-Graduate level coursework from an accredited college or university as documented by a copy of the course syllabus and a transcript showing completion of the course
- Approved CPD as documented by certificates of completion from training organization

3.0 Required Documentation for Certification Eligibility

1. A copy of the applicant's professional registration, credential, or membership
2. Copies of completion of training as outlined in the Educational Standards
3. Payment of certification application fee

Evergreen Certifications will certify candidates who meet the above requirements.

Please note: Certification does not imply endorsement of clinical competency. As a professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.

4.0 Required Documentation for Renewal of Certification

To maintain Certification, a reapplication is required. The steps to apply for a 1-year reapplication are as follows:

1. Submit, via email, a copy of your professional registration, credential, or membership as well as a completion certificate for six (6) CPD hours of post-graduate level, Alzheimer's and/or dementia care-focused training to info@evergreencertifications.com
2. Payment of re-certification application fee

You can also apply for reapplication for 2 or 3 years. Follow the process above, submitting twelve (12) CPD hours of training for a 2-year reapplication, and eighteen (18) CPD hours of training for a 3-year application.

Re-certification training hours need to have been taken in the time since you were last certified or recertified. Renewals are calculated from the date that your Certification was issued. If you allow your Certification to lapse for more than 3 years, you are no longer eligible to renew your Certification and instead can reapply for Certification.
