1. A copy of the candidate's license
2. Copies of completion of training as outline in the Educational Standards
3. Payment of certification application fee

Evergreen Certifications will certify candidates who meet the above requirements.

Please note: Certification does not imply endorsement of clinical competency. As a licensed professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.

4.0 Required Documentation for Renewal of Certification

To maintain Certification, a reapplication is required. The steps to apply for a 1-year reapplication are as follows:

1. Submit, via email, a copy of your professional licensure as well as a completion certificate for six (6) clock hours of trauma-focused continuing education or professional development training to info@evergreencertifications.com
2. Payment of re-certification application fee

You can also apply for reapplication for 2 or 3 years. Follow the process above, submitting twelve (12) clock hours of training for a 2-year reapplication, and eighteen (18) clock hours of training for a 3-year application.

Re-certification training hours need to have been taken in the time since you were last certified or recertified. Renewals are calculated from the date that your Certification was issued.

If you allow your Certification to lapse for more than 3 years, you are no longer eligible to renew your Certification and instead can reapply for Certification.
